Foxhall Capital Management, Inc. is a registered investment adviser with the U.S. Securities and Exchange Commission (SEC) under the Investment Advisers Act of 1940. The "firm" is defined as the Foxhall Capital Global ETF, 401(k) and Stock Series divisions which manage a variety of ETF, 401(k) and Stock strategies in bundled fee and non-bundled fee accounts for primarily US clients. The firm was redefined as of 12/1/08 due to the creation of the 401(k) Series division. The "entity" is defined as the Foxhall Capital Global ETF Series, the 401(k) Series, the Global Stock Series and the Variable Insurance Series.

The BUNDLED FEE BALANCED STOCK STRATEGY (creation date 12/31/2002) has a target equity allocation of 50-75%, however, the portfolio may move entirely to non-equity holdings as a defensive position during major market declines or economic recession. A complete list and description of all firm composites are available upon request.

The minimum portfolio size to open an account is \$250,000. Effective November 2007, Stock strategy accounts that are \$80,000 or less are removed from the composite. The Balanced Benchmark Index is based on a weighted combination of 60% S&P 500 INDEX with dividends and 40% BARCLAYS CAPITAL INTERMEDIATE U.S. GOVERNMENT/CREDIT INDEX (formerly Lehman Brothers Intermediate U.S. Government Credit/Bond Index) to match the target allocation of equities and bonds for this Strategy. The dispersion measure is the asset-weighted standard deviation of accounts in the composite for the entire year. Indices are unmanaged and investors cannot invest in an index directly.

The Firm's maximum management fee is 2.5%. Fees may be subject to negotiation where special circumstances warrant. Net of fees returns are calculated net of management fees (bundled fee accounts use maximum allowable fee), transaction costs, gross of custodian fees and withholding taxes. Tax withholding on ADR dividends and capital gains are taken at the time of the dividend payment. 100% of the strategy assets are bundled fee accounts for all periods represented. The maximum allowable Bundled Fee amounts can include trading fees, manager fees, advisor fees, custodial fees, clearing fees, administrative fees and SEC fees. Effective 12/12/08 we discovered a material error for 2007 and effective 12/31/08 we discovered a material error for 2004&2007 performance returns. This presentation has been updated appropriately.

Additional information regarding policies for calculating and reporting returns is available upon request. As with any investment strategy, there is potential for profit as well as the possibility of loss. This performance report should not be construed as a recommendation to purchase or sell any particular securities held in composite accounts. Market conditions can vary widely over time and can result in a loss of portfolio value. Valuations and returns are computed and stated in U.S. dollars, and individual portfolios are revalued monthly. Foxhall Capital Management, Inc. has prepared and presented this report in compliance with the Global Investment Performance Standards (GIPS®). Foxhall Capital Management has been verified for the periods 12/31/99 – 12/31/08 by Beacon Verification Services. The Stock Series Bundled Fee Balanced Strategy composite has received a performance examination for the period since inception through December 31, 2008.
